

15 February 2012

To Whom It May Concern:

Since being introduced to our company (CBH) in September, 2007 Sovereign Hydroseal Pty Ltd has successfully completed 14 different projects for us totaling \$326,000 in value.

Not only have we been more than happy with the successful completion of each project we have been overwhelmed with the service provided by Sovereign Hydroseal and its directors Deon van Dyk and Nico Grobler with respects to their professionalism and their attention to safety.

Regards

Raymond Hartzler
